National Window Film Day - April 30, 2023

Whereas Window Film when professionally installed on existing windows upgrades and aids in the reduction of energy use and the reduction of carbon emissions...

Whereas Window Film helps to screen out dangerous UV rays that may to help protect skin from cancer and eyes from damage...

Whereas Window Film provides job opportunities for people to serve their communities...

THEREFORE LET IT BE RESOLVED that Window Film helps both consumers and businesses to save money on their energy bills and reduce peak demand for electricity when utilities are most challenged...

THEREFORE LET IT BE RESOLVED that this proclamation recognizes the many benefits of Window Film for consumers and local businesses...

BE IT RESOLVED THAT April 30, 2023, and every year thereafter on the date of April 30, be declared as National Window Film Day in recognition of the citizens who manufacture, distribute, install Window Film and also the International Window Film Association that educates consumers about the many benefits of Window Film.
